The Mission of the PTA is to positively impact the lives of all children and families by representing our members and empowering and supporting them with skills in advocacy, leadership and communications.

Our children Create our world

The PTA is a professional, non-profit volunteer organization committed to the well-being of all children. We believe every adult has a responsibility to ensure that all children develop to their full potential. We believe parents are children's first teachers and that parent involvement is essential throughout a child's educational experience. We believe that family is the basic unit of society responsible for the support and nurturing of all children and we recognize that "THE FAMILY" may be defined in many ways. We believe our responsibility includes advocating for the safety and welfare of all children and the opportunity for a quality public education for each child.
